

Ten Oaks

Stains Collection

Stained Prefinished Collection

Our prefinished collection is finished with four top coats and a protective barrier. You do not need to sand or finish our prefinished flooring.

Available with our Six Side Seal:

Protect your investment with our patented moisture barrier that completely wraps each piece of flooring. Reduce the likelihood of warping, cupping, and cracking due to seasonal moisture changes. Minimize and isolate damages to your floor from accidental under-floor water leaks. Enhance the color and character inspection of each piece of flooring before laying the wood in your home.

Stain Selections

Honey

Gunstock

Saddle

Available Grades

Standard & Better

Provides a natural backdrop for formal rooms, yet are also comfortable in less formal ones. Expect gentle color variations, some thin natural mineral streaks, delicate burls, small tight knots, and similar character throughout.

Character

Provides a beautifully rustic floor with robust character throughout. Natural, sometimes deep color variations underly a rich pallet of stains providing the perfect canvas for mineral streaks, knots, and distinctive wormholes.

Environmental Commitment: Ten Oaks is committed to the environment. See our sustainability efforts on our website at www.tenoaksflooring.com.
